

## Preparing Your Child to Move

Moving is hard work, both physically and emotionally. And for children, moving can be particularly difficult. They will have many questions and concerns. Why do they have to move? Will they be able to make new friends? Will their new house have room for all their toys? Can they keep their pets? So before the packing begins, parents should start preparing their child for the big day. To learn how to make the big move just a little easier, visit [www.welcometooc.com](http://www.welcometooc.com)
